# What is DataTribe?

- About Us
  - We are a vibrant, inclusive community of data enthusiasts, professionals, and students, united by a passion for sharing knowledge and learning together.
- Our History
  - Founded in November 2023 by *Eevamajja Virtanen*, our community operates as a non-profit, entirely volunteer-run and supported by its members.
- Our Mission
  - To empower individuals with data skills at scale through volunteer mentorship and peer-to-peer learning.
- Our Reach
  - We connect a diverse network of 330+ LinkedIn and 230+ Slack members, fostering collaboration and growth.
- Our Values
  - We strive to create a safe, supportive, and collaborative environment where members can grow, connect, and thrive.
